Camogie Club Announcement

Dear Parents / Guardians

We are delighted to communicate that we are actively planning on a return to play in line with recent government announcements. The weekend of April 30th should see all of our underage teams returning to Camogie activities. However, to facilitate a safe return to play we must communicate our next steps regarding registration.

We are now inviting all to register for the 2021 season. Our registration process has now moved to the new GAA platform launched recently known as Foireann. Clubforce or our previous paper-based system is no longer an option.

Foireann: This is a new system that has been implemented by the GAA, Camogie Association and LGFA using components of the Return to play system which was used during 2020 for processing Health Questionnaires, and the legacy Games Management System (Servasport) that was previously used for Registrations. You can now do both your club registration and health Questionnaires through the one system.

You can access the system on www.foireann.ie. Please watch this informational video first to help you access the system <https://youtu.be/1WILCFy771s>.

Further to this announcement we have included a working instruction on how to process you and your child's registrations.

We are asking that all families with underage players have their registration completed by **April 30th 2021** if they intend to return to training as soon as restrictions are lifted.

Free Jersey: We have made some slight changes to our registration charges this year but along with these changes in cost we are providing a gift of a free training jersey to all playing members.

Once registered you will receive a follow up communication to provide the club with the nominated size of jersey. A bulk order of these jerseys will be placed and distributed upon receipt.

We are also including Adult Non-Playing Membership and Family Membership this year. Adult Membership is required for anyone holding any role in the Club or County or if they want to be involved in Club decisions. We would encourage parents & guardians to join the club even if only in a supporting role for €10.

Changes in our registration fees are documented in the Foireann System and depicted in the Foireann login help guide on page three of this letter. There are 12 membership options to cater for differing registration needs per family; identified as Membership option A-L. Any queries on Foireann or membership fees should be directed via email to Secretary.turloughmore.galway@camogie.ie.

COVID-19 Update & Next Steps:

As many of you are aware, we continue to deal with the challenges surrounding the COVID-19 pandemic; our return to play at the end of April will require the assistance of COVID Supervisors for each team; these supervisors play a vital and mandatory role in ensuring whilst your children are in the care of club officials that they are safe, they engage in play at the correct level and they follow all sanitization requirements set out by the club. This year's return to play will see all teams return to non-contact (15 pod) style training. This level of training will remain until the next government announcement.

In addition, teams can only return where we have COVID Supervisors in place and vetted. We will be engaging all Team Managers to advise where we do not have a supervisor for that team transitioning from last year to reach out to parents / guardians to assess their ability to volunteer. Different to last year, all our return to play activities will be completed online at Manager, Covid Supervisor and Parent / Guardian level.

Yours in Sport

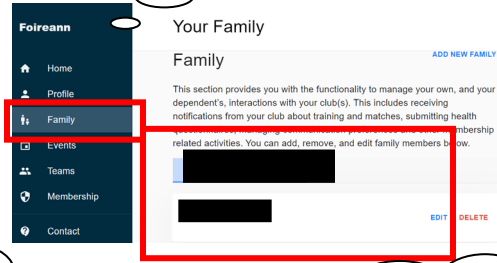

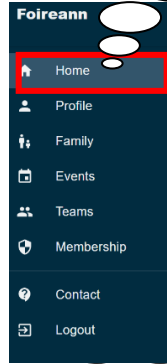

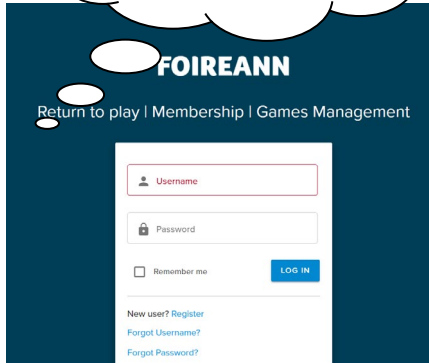

Anna Nestor Beirne

Secretary

Login to Foireann (use last years return to play details) or create.

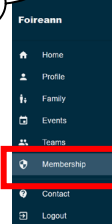

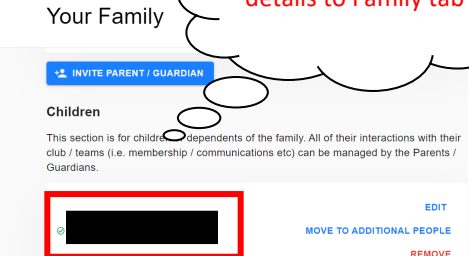

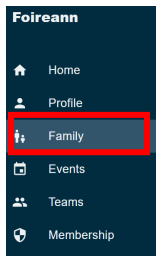

Home Dashboard displayed.

In Menu, Select Family and Create your Family Name e.g., Smith.

Add child / children details to Family tab

Click Membership tab and select Turloughmore Camogie Club NOT GAA.

Select Membership Package applicable to your preferred registration needs and follow process to payment. THANK YOU.
